Gaby,

We are happy to reschedule the location whenever you would like us to, please place it on the list and we will make every effort to have the necessary equipment available for clean-up. The notes state that the location required the kubota. The CARE teams do not deploy with this piece of equipment. They are with the CARE+ teams. Sometimes we may have the ability to redeploy if one is not in use but on this day we did not.

Sarah

Good Morning:

We're currently in the alley behind the subject address and the level of trash is overwhelming the encampment. It was scheduled for yesterday and I just noticed the calendar and it turns out Kobata rescheduled it? Can you please advise what happened and when it will be rescheduled?

Thanks,

Gaby
